To: Chris Edwards <chrisedwards@suffolkonline.net>

Dear Chris

The outcome of analysis of the HTTC Transport Statement is that there will be an annual increase of 3852 vehicle movements over the current business on the site. It is noted that this figure does not include scaling up of movements for all vehicles that are not HGV but included as such by Mr Berriman in his report.

As requested, I have further investigated the matter of litter/waste removal. I can find no clear methodology for the removal of poultry waste; therefore I am unable to verify the methodology and figures included by Mr Berriman in the submitted transport statement.

Regards
Odile Wladon
Clerk
