Good morning Odile

Following last night's pc meeting, I wonder if you could just clarify a few points for me please.

- 1) At which pc meeting was the payment to RICs authorized?
- 2) I was under the impression that there was an agreement for the PC to fund the Clerk's phone, I obviously agree that this should be the case, but can't find it minuted anywhere, perhaps you could let me know which meeting authorized this.
- 3) I note that you are working on recording details from the Burial Register - will this involve the PC in extra costs for Clerk's wages and if so, in which meeting was this authorized?

With the Finance Committee meeting coming up very shortly, I would be grateful for a speedy reply. Many thanks - [REDACTED]
