

STRADBOKE PARISH COUNCIL

STATEMENT OF INTERNAL CONTROL AND ANNUAL REVIEW OF EFFECTIVENESS OF INTERNAL CONTROL

SCOPE OF RESPONSIBILITY

Accounts and Audit Regulations impose a duty on a local council to ensure “that the financial management of the body is adequate and effective and that the body has a sound system of internal control”. Stradbroke Parish Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.

The Council is responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council’s functions and which includes arrangements for the management of risk.

THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council’s policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

THE INTERNAL CONTROL ENVIRONMENT

The Council:

The Council reviews its obligations and objectives and approves budgets for the following year at its January meeting. The January meeting of the council approves the level of precept for the following financial year.

The council usually meets 12 times each year and monitors progress against its aims and objectives at each meeting by receiving relevant reports from the Clerk or Councillors with specific responsibilities. The budget is then reviewed by the Finance & Premises Committee in light of the year end figures, and if necessary a revised budget is presented at the April meeting.

The Council carries out regular reviews of its internal controls, systems and procedures. See table below.

Clerk /Responsible Financial Officer:

The Council has appointed a Clerk to the Council who acts as the Council’s advisor and administrator. The Clerk is the Council’s Responsible Financial Officer and is responsible for administering the Council’s finances. The Clerk is responsible for advising on the day to day compliance with laws and regulations that the Council is subject to and for managing risks. The Clerk also provides advice to help the Council ensure that its procedures, control systems and policies are adhered to.

Risk Assessments/Risk Management:

The Council reviews its risk assessment annually and regularly reviews its systems and controls.

REVIEW OF EFFECTIVENESS

The council has a responsibility for conducting an annual review of the effectiveness of the system of internal control, which should include a review of the effectiveness of internal audit. The results of that review must be considered by the Council, which should also approve the Statement of Internal Control.
