The consultation statement was reviewed and approved.

29 representations were reviewed and responses agreed.

All responses and changes made to the Plan were noted in Appendix G to the consultation statement. It was noted that on recommendation from Suffolk County Council that Flooding should be separated from Drainage, therefore a separate policy will be included in the utilities section.

It was agreed that a final version of the plan with the minor amendments would be circulated to the group for approval before being submitted to the Parish Council for their final sign off.
