21.12.21 Correspondence
(a) Tabled: Councillors to note correspondence tabled at the meeting.
Hello
I notice with some disbelief that you have declared your support to the new planning
application even though it still doesn't conform to the neighbourhood plan but object to grove
farm on the basis that it doesn't conform to the same plan. I know that this development has
been the preferred one for the parish council but the double standards shown are laughable. I
personally think that the council wants Stradbroke to turn into a town but only if it doesn't
impact on the lives of the council members. Also you waste time on objections to planning applications in other nearby villages on the basis of increased traffic but don't seem to care
about speeding traffic on queen street and want to add to this with ever more development

Item Ref	Description
	that will only add to this problem. I suggest the council needs to resign and let people take over that have the interests of the whole village in mind and not just the schemes that generate money for their pet projects as the sitting one lacks any integrity. Please could you dignify me with a reply this time ( if you have time in between dividing up all of your large development CIL money)  Regards
	(b) Emails: Councillors to note correspondence previously circulated:
	Coronavirus bulletins
	SALC bulletins
21.12.22	Date of the next meeting: 10 <sup>th</sup> January 2022
	Items for the agenda should be submitted to the Clerk by 29 <sup>th</sup> December 2021
